Dear Sir or Madam:

Our administrative office supplies copies of guidelines and application kits to investigators performing research at Northwestern University. At this time, we do not have current information on research programs, fellowships, or other types of grant awards you are sponsoring.

Please take a moment to send us any information that may be helpful in submitting applications to you, or direct us to the appropriate source handling these types of requests.

Also, please add our name to any future mailing lists to receive updated versions of these applications.

Thank you for your consideration.

Sincerely,

Cindy Favata

Cindy L. Favata
Secretary to Gerald N. Goldberger, Ph.D.
Assistant Director
Office of Research & Sponsored Programs
